Growth along the Monon

The corridor continues to change. The city-owned “Bulge” includes roughly 15 acres from 25th to 28th along the west side of the trail, plus an additional two-acre field toward 29th. City representatives have discussed a future master developer; because the site was once a railroad turnaround, additional environmental remediation may be needed.

The school at 25th & the Monon is finished, transforming the former warehouse into a new neighborhood asset for 7th- and 8th-grade students.

A cleaner Monon Yard

Thank you to everyone who joined the May 9 Keep Indianapolis Beautiful cleanup. Volunteers tackled debris-filled alleys and brush near 28th Street and the Monon Trail.

WELCOME, NEW NEIGHBORS!

Ten new homeowners have purchased homes in Monon Yard so far in 2026. Each receives a neighborhood welcome packet, including a Monon Yard tote bag.
